Brize Norton Primary School

Conversion to Academy Status through Joining the Oxford Diocesan Schools Trust, ODST (A Multi-Academy Trust)

Increase of Pupil Admission Number to 17 children

The governing body is considering whether or not Brize Norton Primary School should convert to become an academy with the Oxfordshire Diocesan Trust (ODST). At the same time, it is also considering whether to increase our standard pupil number from 15 to 17.

Both of these are important issues which we need to consider very carefully. In order to do so, we are carrying out a consultation process with parents, staff and other interested stakeholders. All parents have received a paper copy of the Academy Conversion Consultation Paper, which is also on our new website. All interested neighbours and others are welcome to download and read the paper, or to contact the school office if you would like a paper copy. Once you have read the paper, you are welcome to submit questions to the school office. We will then post the answers on the website for all to see.

We are holding a consultation meeting, which anyone who is interested is welcome to attend, on Monday 5th October at 7.00pm in the school hall. Representatives from ODST will be there with myself and the governing body, to answer your questions and listen to your comments.

In the meantime, please read the document and the Frequently Asked Questions, and get in touch with your comments and questions. We look forward to hearing from you.

Best wishes

Anna Fairhurst (Headteacher)
